MAP & STREET VIEW

ABOUT THE AREA

Kypseli today stands as one of the most multicultural neighborhoods in the city. Its high density of construction has led to urban legends claiming it to be the most densely populated area in Europe, although Athens is officially recognized as the third most densely populated city on the continent.

The nearby "Pedion tou Areos" park serves as a vital green space for the community, while the district's prosperous history is prominently displayed through the elegant apartment buildings and historic cafés lining Fokionos Negri Street.

Additionally, the limited residential options in the city center have prompted a new influx of residents to Kypseli, revitalizing the area and generating significant interest in recent years.

Exploring Kypseli Area:

1. Fokionos Negri Street
2. Patission Avenue (28is Oktovriou Street)
3. Kypseli Municipal Market
4. Kypseli Square
5. St. George's Square
6. 1st of May Square (Protomagias Square)
7. Pedion tou Areos
8. Elikonos Hill

BRIEF HISTORY OF FINDERS AND WHAT IS THE VISION & THE MISSION

Established in Greece in 2014, Finders has been at the forefront of the country's real estate market, with three branches located in Israel, Athens, and Crete. As one of the pioneers in the industry, Finders has successfully managed five private equity funds, investing in high-quality properties with a focus on commercial and residential buildings, tourist destinations, and accommodation.

The company's core expertise lies in acquiring, redeveloping, and remarketing investment properties, primarily in Athens since its inception. However, as of 2022, Finders has expanded its scope by co-investing in the reconstruction of targeted buildings within its portfolio to convert them into service apartment hotels. With extensive experience in managing thousands of square meters of property in Athens and Crete, as well as a deep understanding of the diverse range of properties available, Finders is confident in its ability to deliver an exceptional visitor experience while serving as a reliable

resource for prospective real estate investors in Greece. Finders has established a network of partnerships with various leading entities in Greece, including architects, real estate agents, appraisers, insurance agents, contractors, and others. These partnerships enable the company to offer a comprehensive and accessible professional service package. As a result of its excellent reputation, strong track record, and field performance, Finders has built strong trust ties with local players in the industry, allowing it to access a vast market of investment opportunities. The company receives advance information on properties, including those soon to be auctioned by local banks in Greece. Finders also has established strong relationships with financing bodies, central banks, and government entities operating in the Greek real estate market. Additionally, the company manages 12 Greek companies (S.A.) that oversee complex projects and properties across various regions under its leadership.
