MAP & STREET VIEW

ABOUT THE AREA

The property is located in the Metaxourgio neighborhood, a 6 minutes walk from "Metaxourgio" metro station offering easy accessibility to all of Athens' historic and contemporary attractions.

The nearby areas are Kerameikos, and Gazi Areas. The Technopolis Gazi Live Music Stage, the Benaki Museum, and the Kerameikos Archaeological site are all within a short distance.

The tranquil ambiance of this building apartment is a pleasant contrast to the bustling charm of the nearby Metaxourgio Square and its hip multicultural vibes. Just a leisurely stroll away, the popular areas of Monastiraki and Plaka offer a journey through Athens' rich tapestry of history and modernity

The iconic Omonia Square, is very close to the property and has been redesigned, with a new layout unveiled in May 2020 that revitalizes the historic fountain and incorporates sustainable materials.

Located at key intersections, it symbolizes modern urban life while holding historical significance since 1862, when it hosted a political agreement. The City of Athens is transforming Omonia Square with renovations and new hotels, including the rebranded Brown Acropol, the Moxy hotel, and the newcoming Vision Omonia.

These developments are introducing rooftop bars and trendy cafes, aiming to shift the area's traditional working-class dynamic and promote a more pedestrian-friendly Athens.

BRIEF HISTORY OF FINDERS AND WHAT IS THE VISION & THE MISSION

Established in Greece in 2014, Finders has been at the forefront of the country's real estate market, with three branches located in Israel, Athens, and Crete. As one of the pioneers in the industry, Finders has successfully managed five private equity funds, investing in high-quality properties with a focus on commercial and residential buildings, tourist destinations, and accommodation.

The company's core expertise lies in acquiring, redeveloping, and remarketing investment properties, primarily in Athens since its inception. However, as of 2022, Finders has expanded its scope by co-investing in the reconstruction of targeted buildings within its portfolio to convert them into service apartment hotels. With extensive experience in managing thousands of square meters of property in Athens and Crete, as well as a deep understanding of the diverse range of properties available, Finders is confident in its ability to deliver an exceptional visitor experience while serving as a reliable

resource for prospective real estate investors in Greece. Finders has established a network of partnerships with various leading entities in Greece, including architects, real estate agents, appraisers, insurance agents, contractors, and others. These partnerships enable the company to offer a comprehensive and accessible professional service package. As a result of its excellent reputation, strong track record, and field performance, Finders has built strong trust ties with local players in the industry, allowing it to access a vast market of investment opportunities. The company receives advance information on properties, including those soon to be auctioned by local banks in Greece. Finders also has established strong relationships with financing bodies, central banks, and government entities operating in the Greek real estate market. Additionally, the company manages 12 Greek companies (S.A.) that oversee complex projects and properties across various regions under its leadership.
