ABOUT THE AREA

The apartment is conveniently situated near Omonia Square and the National Archaeological Museum.

Omonia has served as a pivotal hub in the city's layout since the initial plans for modern Greece were drawn up in the 19th century.

The redesigned square, revealed in May 2020, features a stunning fountain with 188 jets and 177 underwater lights, all crafted from eco-friendly materials and innovative cool pavement technologies.

The square forms one corner of the triangle that constitutes the city center, connecting Athinas, Stadiou, Panepistimiou, 3is Septemvriou, and Agiou Konstantinou Streets.

Interestingly, city planners once envisioned the royal palace being built on this prime location.

The name Omonia, meaning harmony in Greek, symbolizes the informal political truce established here in 1862 by leaders of opposing political factions following the removal of King Otto.

BRIEF HISTORY OF FINDERS AND WHAT IS THE VISION & THE MISSION

Established in Greece in 2014, Finders has been at the forefront of the country's real estate market, with three branches located in Israel, Athens, and Crete. As one of the pioneers in the industry, Finders has successfully managed five private equity funds, investing in high-quality properties with a focus on commercial and residential buildings, tourist destinations, and accommodation.

The company's core expertise lies in acquiring, redeveloping, and remarketing investment properties, primarily in Athens since its inception. However, as of 2022, Finders has expanded its scope by co-investing in the reconstruction of targeted buildings within its portfolio to convert them into service apartment hotels. With extensive experience in managing thousands of square meters of property in Athens and Crete, as well as a deep understanding of the diverse range of properties available, Finders is confident in its ability to deliver an exceptional visitor experience while serving as a reliable

resource for prospective real estate investors in Greece. Finders has established a network of partnerships with various leading entities in Greece, including architects, real estate agents, appraisers, insurance agents, contractors, and others. These partnerships enable the company to offer a comprehensive and accessible professional service package. As a result of its excellent reputation, strong track record, and field performance, Finders has built strong trust ties with local players in the industry, allowing it to access a vast market of investment opportunities.

The company receives advance information on properties, including those soon to be auctioned by local banks in Greece. Finders also has established strong relationships with financing bodies, central banks, and government entities operating in the Greek real estate market. Additionally, the company manages 12 Greek companies (S.A.) that oversee complex projects and properties across various regions under its leadership.
